teams of Snitchcock scavies launched a preemptive attack upon the rest of campus, intended to secure Scav victory before the official beginning of Scavenging operations. Dealing with our most dangerous enemies, high captain Priyanko lead the double envelopment of Palevskian scav forces, the progress of his forces aided by our new developed dive bombers and bike-transported heavy infantry. Witnesses say that civilian Palevskians (editors note- most) were unharmed. Rumors of mass atrocities directed against outsiders and anti-scav forces are “scurrilous lies, spread by masses of scum” according to the General Secretary, who categorically denied reports of forced magic drafts and labour battalions.

ORIENTAL INSTITUTE

6 am APRIL 7, YEAR OF VICTORY-

Scavenger Group North reports that it has concluded mopping up the defeated remnants of Pierce/FIST forces among the howitzer-pounded ruins of the newly renamed “Section 5 Outremer” Tower. Intelligence director Grider’s brilliant exertions have allowed us to pinpoint the direction of the counterattacks launched by Northwestern-funded BJ scum. Captain Gallop’s ever-victorious crossdressers have successfully secured our southern borders, and report our enemies in full flight along the length of the front, though heavy drinking continues within OI galleries. President Alexander’s office vigorously denounced “liars and traitors” who spread rumors that Shoreland’s traditional neutrality has been abandoned: “those free-drinking scum would never dare to cross the oceans to threaten us: they will not come, they cannot come, because our airships will spot them,” elaborated the information office. The body of former President James Huff has been burned at night: witnesses denied defeatist claims of a coup

directed against the insufficiently zealous and over vacillating leader. Speaking from the War Room officials elaborate that “Absolutely no truth supports claims that the crisis council of Scav Captains had him assassinated, and good riddance to the appeaser, so we could get on with winning, and anyone who says otherwise should remember what happen to Spellman”

CONTINUED STRING OF GLORIOUS VICTORIES, NEW WAR BONDS

THE WAR ROOM, APRIL 7 Year of Victory-

Speaking to a cheering crowd of glorious Girly-Con coal miners, Chairperson Sax and Grand Constable Conkle announced our newest victories on battlefields from Woodlawn to 59th, as well as the “final defeat” of Maclean guerillas. “We did not start this war. We did not want this war. We desire only a peacefull victorious victory in this Scav Hunt. But our enemies forced war upon us! So War We Hath Given Unto Them! And We are Winning!” shouted the Grand Constable, newly recalled to resume his long and storied career. “All page captains must be as one in this hour of danger! We are united and shall be victorious! *The FIST Ad Portas!* The List has just begun!” reiterated the representative from section one. Three new draft classes were called up today to the aid with crash program to develop a better zeppelin-mounted pakour chainsaw from milk cartons, and contribute to our stream of brilliant diorama constructions in the OI galleries. “No truth whatsoever” rests in allegations that next week’s 7 pm friday scav rally has been canceled for fear of air-raids on the rec room.

TO VICTORY!

IN THIS DARK HOUR BEFORE OUR FINAL VICTORY, WE RECALL THE WORDS OF PRESIDENT OCTAVIAN ARTHUR THAT “WE IN SNITCHCOCK ARE LIKE THE FREDRICK THE GREAT OF PRUSSIA OF SCAV: WE MAKE UP FOR OUR WEAKNESS IN NUMBERS BY COMPLETE PERFECT ORGANIZATION, UNITY, AND TRAINING”.
