## 2. Short Answer:

1. The House receives \$150 per Academic Quarter. Assume that Scav (Fuckin' Yea) deserves >25% of this total. The remaining funds may be allocated between House Trips, items that benefit only Hitchcock residents, and Scav. How should this be done?

2. Air your grievances to HARC. Be sure to cite those responsible and how they should be punished.

3. Write a BA Thesis for Maggie. Be sure to go to the National Museum of Mexican Art.

4. You should join Dragon Dance. Agree or Disagree. This will be reviewed by Kevin Baker.

### 3. List:

1. Please list one hundred ways to use Nutella. One point per item.

#### 4. Essay:

At 10.23a, Robert Lipman says, "The Prospies had sexual relations with each other." Please explain and evaluate what this Pros-cest implies. You should be sure to cite at least three different sources to avoid propagating needless rumors. Kevin Baker must be one of these sources.

## 5. Proof:

For all Sections  $x$  contained in the ordered set House  $H$ , there exists  $x_i$  in  $H$  such that  $x_i > y$ ,  $y$  in  $H$  not equal to  $x_i$ . Show that this Section is equal to  $x_i$  (I know how to use LaTeX, I'm just lazy.)

## 6. Dragon Dance:
