

House Meeting Week 6,
Important announcements made,
Shown here as haikus.

A beautiful day,
But no one enjoys the sun,
Med school coming soon.

Fearless leader Spence
Speaks forcefully to masses.
Cover children's ears.

Auction Monday night,
Sell anything for Scav Hunt.
But your body and soul

Will, as proxy, squats.
Mike says: "No permission given."
First years still pissed

Forest sits and smokes.
Many strangers around him
Who he calls brother.

Dinner at Woodward,
Tom and Tracy eat pasta
Caleb runs wild.

House secretary,
Says students should go out more.
He's alone typing.

Some lament years end,
Kyle sees silver lining:
No rooming with George

Human Chess sign up,
Be King on weekend, then go
Back to being pawn.

Students are smiling,
Warm breeze, Will plays music
Fish is unhappy.

SG candidates
Promise to deliver much.
Do we really care?

Fans outside of dorm:
"Hey Lindsay, Heather, Gahan!"
Meet the fans inside.

Nicole asks me "Why
Does all this dorm think I'm off
At Bible Study?"

Lottery Wednesday.
Everyone likes room they got,
But those without one

At last, all let back,
Nice to hear, but they all
Just want Snell single

Jeremy on floor,
He giggles and marvels at
Force of gravity.

Screams heard, pure evil
Seen in Kolakowski's eyes
Paintball trip was fun

Norval is smiling.
Shakes head in friendly way at
Stupid things we do.

Sweet sight of spring rain
In noisy sheets, drench students
As they enter Reg

Cigarette in hand,
Laura sees friends on benches,
Talks on her cell phone.

Murder and Intrigue
Control lives of "normal" people
Dorm plays Assassins.
